

# DID YOU KNOW...?

\*To have an Instagram account you should be **13** years old and this is with parental permission. With this app you can live broadcast!

\*To have a Facebook account you should be **13** years old and this is with parental permission. The new live aspect is very appealing!

\*To have a Snapchat account you should be **13** years old and this is with parental permission!

\*To have a Musical.ly account you should be **12** years old!

# Parent's responsibilities!

As a parent it is difficult to keep up to date with your child/children but spend time talking to them about what websites and apps they are using on a regular basis! Talk about online friends if they have any.

\*Establish online rules!

\*Set up a family computer where it is easy to supervise and see internet activity.

\*Review the amount of time spent on the internet and what time of day.

\*Remove all technology at night time.

\*Set up family sharing with parental control on device.

\*Review apps and websites used by you checking on a weekly basis.

The websites below are useful and give more detail about e-safety, please read the information to help **keep your child safe**
