We are really looking forward to when you come to White Hall.

We have planned an action packed programme of adventurous activities for you. The activities will be fun, challenging and help you to work with others to achieve lots of new things.

While you are staying at White Hall try your best at everything and be proud of what you achieve. You will be amazed at what you are able to do.

As well as during the activities, you will have lots of other chances to be successful at new things like being away from home, looking after yourself and your things, helping others and even making your own bed!

Get started by:

- Helping to pack your bag
- Making sure everything has your name in
- Tying your own shoe laces *
- Making your bed*

* You will be able to help each other with these tasks, but it's good if you have had a go first.

KIT LIST
